

For over 40 years, our goal has been to provide artists and actors with the best in professional makeup.

In the past year, we have been devoted to new product design and improvements. We are pleased to offer a refined **Matte Foundation** formula. **Matte Foundations** are ideal for print, film, fashion and High-Def broadcasting.

Our brilliant **Lumière Series** now includes 17 superb creme shades in a useful **12-Colour Palette**, and new stackable containers. Sleek new packaging, palettes and stackable containers underscore our commitment to offer you exceptional selection and quality.

Our mission is to exceed the expectations of professionals who rely on Ben Nye for outstanding quality, selection and innovation. Keep abreast of our plans to update our Catalog on the Ben Nye website.

Lumière Creme Colours **17 Sizzling Shades**

New **Lumière Cremes** are a designer's dream. Choose from seventeen radiant shades for beauty and fantasy designs on the face and body.

Their rich texture is silky smooth and lavishly pigmented for effortless application. Apply with a Flat or Dome Brush. Set with colorless powder or **Lumière Luxe Powders**.

Customize your own stack by assembling your favorite Lumière colors, and add any of Ben Nye's six shimmering **Fireworks** shades (also available in this stackable pot). See Order Form for codes. Net Wt. .3oz./8.4gm. each.

Improved Matte Foundations

Ben Nye's **Matte Foundations** were recently reformulated in a superb new texture. With moist emollients and micro-pigmentation, these 75 shades offer natural coloring and versatile coverage.

For sheer coverage, blend with our **Foundation Brush (FCB-20 or 24)**, or build evenly for more coverage with foam sponge. Powder lightly for a long-wearing, velvety finish.

The series is perfectly suited for any application including film, print, fashion and High-Def broadcast. In stock now in our new packaging!

Net Wt. .5oz./14gm.

Six New F/X Colors

Heighten F/X realism with two important new shades: **Bruise (FX-2)** and **Vein (FX-91)**. Both will become reliable favorites in your makeup kit. All **Creme F/X** shades are packaged in our clear, stackable container.

To broaden color options for bruises, burns and black eyes, we added four Ben Nye standards to the F/X Series: **Chrome Yellow (FX-12)**, **Goldenrod (FX-121)**, **Fire Red (FX-31)** and **Black (FX-8)**. Net Wt. .3oz./8.4gm.

Lumière Creme Palette

Always an artist's ally, this **Lumière Creme Colour Palette** is designed with twelve dazzling shades for infinite creativity. Artists love **Lumière** for their brilliance, rich pigmentation and easy, blendable application with brush, fingers or sponge. Powder lightly with **Neutral Set** or **Luxe Powders** to set.

Add refillable shades as needed or customize a palette with your favorites from all 17 **Lumière Creme Refills**. Includes **DB-8 Dome Brush**. **LCP-12**. Net Wt. 2oz./60gm.

Refillable Pressed Colour Palettes

Professionals are prepared with our sleek, durable and easy to fill refillable **Pressed Colour Palettes**. Personalize your own four, eight or twelve well compact with Ben Nye's collection of 94 **Eye Shadow**, **Powder Rouge** and **Lumière Grande Colour** tablets, plus two **Cake Eye Liners** (shown above in new clamshell packaging).

Palette lid folds neatly beneath its base for full access. When closed, palette is less than 1/2" thick. Refills simply slide into place and remain secure in the magnetic base. Replace by pushing a paper clip or straight pin through the hole beneath each tablet. **ESP-4** (shown above), **ESP-8** and **ESP-12**.

New Ivory Hair Color

Last spring, professional artist Leonard Engelman asked us to make an age color for darker hair. By adding a little golden yellow to our **Snow White** formula, we designed a brand new shade that effectively eliminates the "blue cast". Thanks, Leonard!

Ivory is now included in our **Olive** and **Brown Theatrical Kits (TK-3 through TK-7, TK-12 and TK-13)**. Also available in 2oz., 8oz. and 16oz. sizes.

Snow White Hair Color is still available as it offers the suitable contrast for blonde to light brown hair. **Snow White** is included in our **Fair Theatrical Kits (TK-1, TK-2 and TK-11)**.

New 1 oz. Liquids Hazardous Air Shipment Solutions

We now offer a wider selection of our popular hazardous liquids in a new one ounce size. *Why is this important, you might ask?* According to IATA and 49 CFR Guidelines, hazardous products not exceeding one ounce may be shipped via Air without hazardous documentation or additional haz mat fees. And, yes, multiple bottles may be packed in the shipment as long as the carton meets weight restrictions. Our newest additions include **Bronzing Tint (BT-0)**, **Brush Cleaner (BC-0)**, **Bond Off! (BR-11)** and **Ivory Hair Color (HI-1)**. Sizes larger than one ounce shipped via air will incur a UPS or Fed Ex hazardous fee.

New Refill Packaging

Replenish your paint box colors and upgrade your creativity quotient by selecting from Ben Nye's broad range of Refills: **Matte Foundations, Concealers, Lumière Creme, Lumière Grande Colours, MagiCake Aqua Paints** and **Primary Cremes**. All are interchangeable in the six and twelve color metal paint boxes. Design your perfect palette!

Professional Matte Foundation Palette

Be prepared for just about every skin tone with our newest refillable palette. Our **Matte** formula provides flawless, natural coloring from sheer to full coverage in a light, silky texture. This indispensable palette provides unlimited color options for makeup students or artists on set or location.

Refills for each of these shades are now available. Any of the twelve **Neutralizer Refills** may be combined in this palette as well. **LFP-12**. Net Wt. 1.77oz./50.4gm.

New Tools

Our **Fine Detail** natural bristle series now includes the **FDB-8 Smudge Brush**. The dense, short-bristled shape quickly softens eye liner or blends eye shadow contouring.

Two new spatulas are designed with a flexible blade that responds deftly to an artist's touch. Select the **ST-4 Tapered Blade** for smoothing, detailing, mixing or cleaning-up molds.

The **ST-5 Blending Spatula** is an all-purpose tool to blend makeup on a palette or to fill cosmetic containers with your favorite shades. Use our new **Fine-Pore Stipple Sponge (FNS-1)** to apply realistic fine detailing for subtle age effects, such as liver spots or broken capillaries, stubble beard or prosthetic texture. **Medium-Pore Stipple Sponge (NS-1)** is still available.

Stackable Concealers

Ben Nye's incomparable neutralizers are designed with intense pigmentation for full coverage. All shades are now packaged in a handy stackable container for convenient storage in a makeup kit. Net Wt. .3oz./8.4gm. each.

Our pre-assembled **Neutralizer Stack (NKS-5)** includes five essential shades to cover tattoos, redness or under eye discoloration. Colors include: **MO-11, MO-1, NB-1, CC-1** and **MY-1**. Net Wt. 1.5oz./42gm.
